

4

Review of Past Performance

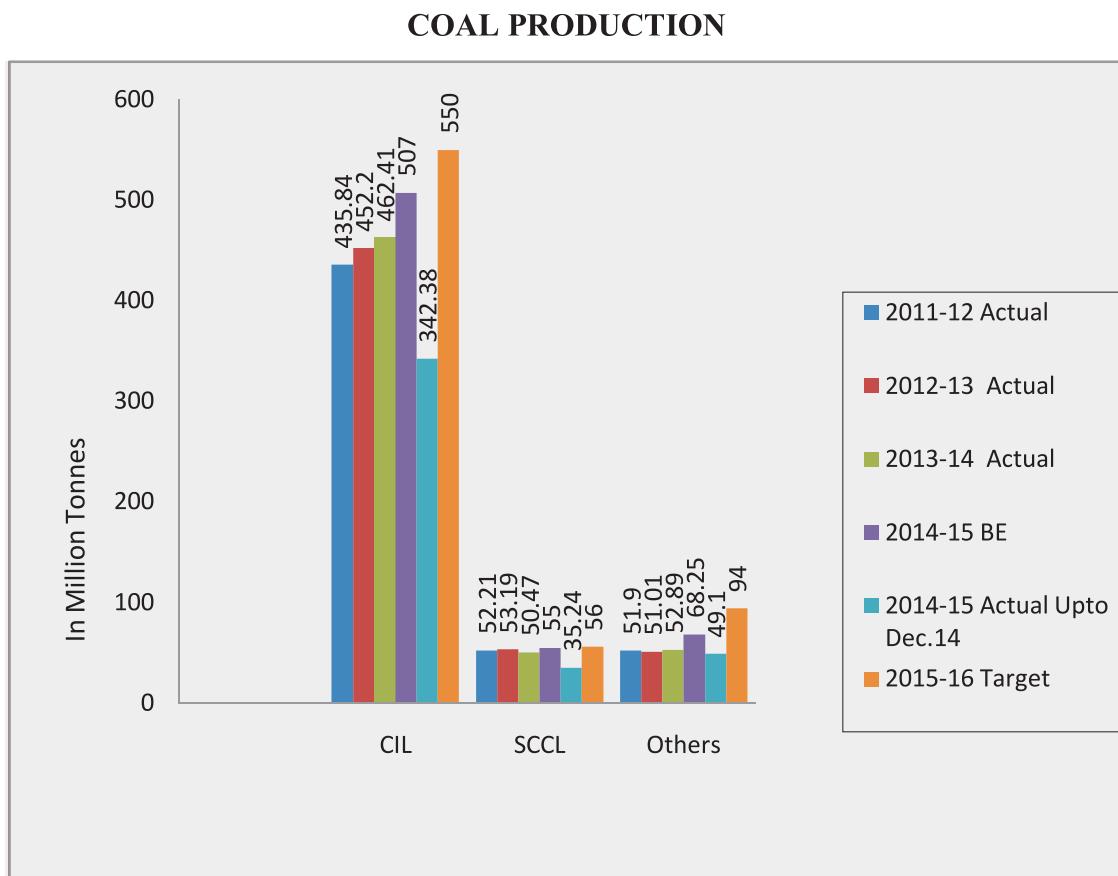

4.1 Analysis of Growth: 2011-15

4.1.1 All India raw Coal Production is as under:

(In Million Tonnes)

COMPANY	2011-12 Actual	2012-13 Actual	2013-14 Actual	2014-15 BE	2014-15 Actual Upto Dec.14	2015-16 Target
CIL	435.84	452.20	462.41	507.00	342.38	550.00
SCCL	52.21	53.19	50.47	55.00	35.24	56.00
Others	51.90	51.01	52.89	68.25	49.10	94.00
Total	539.95	556.40	565.77	630.25	426.71	700.00
Growth %	1.4	3.04	1.68	11.39		

Table 4.1

Through a sustained programme of investment and greater thrust on application of modern technology, it has been possible to raise the production of coal from 96 million tonnes at the time of nationalization of coal mines in the early seventies to about 565.77 million tonnes by 2013-14. The target for coal production for 2014-15 was 630.25 million tonnes against which actual production during the period April-December 2014 was 426.71 Million tonnes. The overall growth in Coal Production during April-Dec. 2014-15 was 9.1 percent. For CIL growth was 7.3 percent during the same period. However, despite growth in coal production, the gap between total consumption and domestic supply has persisted and is being met through import of coal. The quantum of Coal imports during 2013-14 was 168.44 million tonnes and during the period April-November 2014 was 137.61 Million tonnes.

4.1.2 The Production Plan for NLC for 2015-16 (Estimate) with the actuals of 2011-12 to 2014-15 (Upto Dec. 14) is given below:-

Particulars	Actual 2011-12	Actual 2012-13	Actual 2013-14	Target/B E 2014-15	Actual 2014-15 Upto Dec,14	2015-16 Target/BE
Lignite (Mt.)	24.59	26.22	26.61	25.60	17.16	25.67
Power (MU.)	18,789.44	19,902.34	19,988.65	20,285.00	14,201.93	20,944.52
Growth %	5.08	5.92	0.43			

Table 4.2

4.2 Review of Plan Schemes

4.2.1 Research and Development Projects

Research and Development projects are covered under four thematic areas viz; improvement in production, productivity and safety in coal mines; coal beneficiation and utilization, and protection of environment and ecology. The Standing Scientific Research Committee (SSRC) under the Chairmanship of Secretary (Coal) is the apex body for administering Coal related research. The Central Mine Planning and Design Institute (CMPDI) is the nodal agency for the coordination and monitoring of Science and Technology Plan schemes and of CIL's Research and Development projects. The cutting edge projects are implemented by pioneering research and academic institutes related to coal and allied industries with active participation of coal and lignite mining companies.

The status of Coal S&T Projects funded by the Ministry under the S&T grant during the XI Plan and XII Plan period (till 31.12.2014) is given on the next page:

(Quantum of Project)

PLAN	XI Plan					XII Plan			
	YEAR	07- 08	08-09	09 -10	10-11	11-12	12-13	13-14	14-15
Spillover projects from previous year	36	34	28	23	16	14	15	12	12
Projects sanctioned during the year	09	05	07	02	06	04	02	03*	
Projects completed during the year	10	10	10	08	07	03	05	03	
Projects terminated/ foreclosed during the year	01	01	02	01	01	-	-	-	

Table 4.3

* Three (3) new projects were recommended by Technical sub-committee of SSRC for approval by the SSRC.

4.2.2 Promotional (Regional) Exploration in Coal and Lignite

GSI, MECL, State Govts. and CMPDI are continuing Promotional Exploration in XII plan under the MoC's Plan scheme of Promotional Exploration for Coal & Lignite. The summary of Promotional Drilling carried out in Coal & Lignite sectors in 2011-12, 2012-13, 2013-14, 2014-15 (Upto 31.12.2014) and target for 2015-16 is given below:

(Drilling in metre)

Command Area	2011-12 Actual	2012-13 Actual	2013-14 Actual	2014-15 Actual Upto Dec. 14	2015-16 Proposed BE*
Physical:					
1. Drilling in C.I.L.Command Area	34.90	36725	53695	52500	83300
2. Drilling in S.C.C.L. Command Area	9,228	8899	9553	3600	15500
3. Drilling in Lignite Areas	49564	67728	68774	51400	76200
TOTAL	93722	113352	132022	107500	175000
Growth %	-8.71	20.94	16.47		

Table 4.4

* Achievement of target depends upon timely availability of forest clearance to take up drilling in forest areas, local support and occurrence of lignite in identified blocks.

4.2.3 Detailed Exploration in non-CIL Blocks

CMPDI carries on Detailed Exploration in CIL and Non-CIL blocks as per strict timelines to bring resources falling in indicated and inferred category into the proven category. The exploratory drilling in Non-CIL/Captive Mining blocks is taken up under the MoC's Plan scheme of Detailed Drilling in Non-CIL Blocks.

The details of actual drilling in Non-CIL/Captive Mining Blocks in 2011-12, 2012-13, 2013-14, 2014-15 (Upto 31.12.2014) and target for 2015-16 are as follows:

(Drilling in metre)

Agency	2011-12 Actual	2012-13 Actual	2013-14 Actual	2014-15 Actual Upto Dec. 14	2015-16 Proposed BE*
Physical:					
1) CMPDI Departmental	55230	77458	93742	46700	53350
2) Outsourcing by CMPDI	166648	150250	144159	143400	428500
TOTAL	221878	227708	237901	190100	481850

Table 4.5

* Achievement of target depends upon timely availability of forest clearance to take up drilling in forest areas, local support and availability of suitable agencies for exploration in future tendering.

4.2.4 Environmental Measures and Subsidence Control

The objective of this scheme is to improve the environmental conditions in the old mined out areas of Jharia and Raniganj coalfields by addressing fire and subsidence problems. Major thrust areas in EMSC during the XIIth Plan period are control of subsidence in the old, abandoned, waterlogged workings in Raniganj coalfields, control of mine fires and subsidence in Jharia coalfields, and rehabilitation of persons residing in these locations.

Yearwise fund released by CIL for implementation of Master Plan is given below.

(Figure in crores)

Sl. No.	Year	Amount Released to ECL	Amount Released to BCCL	Total Amount Released by CIL
2	2011-12	Rs. 0.93	Rs. 30	Rs. 30.93
3	2012-13	_____	Rs. 102.04	Rs. 102.04
4	2013-14	Rs. 0.14	Rs. 229.71	Rs. 229.85
5	2014-15 (Upto Dec. 14)	_____	Rs. 130.7613	Rs. 130.7613

Table 4.6

4.2.5 Conservation and Safety in Coal Mines and Development of Transport Infrastructure under CCDA.

Under these schemes the expenditure incurred by coal companies is reimbursed partially as per the statutory provisions under the Coal Mines (Conservation and Development) Act.1974. The principal objective of the Act is to collect excise duty on coal for disbursing the same to the coal mines for conservation and development related works including infrastructure development.

The examination and scrutiny for reimbursement is carried out by a duly constituted ‘Coal Conservation and Development Advisory Committee’ (CCDA Committee) as per the provisions of Coal Mines (Conservation and Development) Rules, 1975. The Government partially reimburses costs due to coal companies through budget provision taking into account commitment/ liability already existing during the preceding financial year. The details of achievement made under these two schemes during the financial years 2012-13, 2013-14 and 2014-15 (Upto Dec. 14) are given as under:

	2012-13	2013-14	2014-15 Actual Upto Dec. 14
Amount disbursed for Stowing & protective work	Rs. 119.00 crores	Rs. 184.96 crores	Rs. 185.00 crores
No. of stowing mines	96	90	78
Sand stowed	61.22 lakh cum.	61.80 lakh cum	66.55 lakh cum
No. of protective work taken up	32	17	19
Amount disbursed for transport infrastructure development	Rs. 40.00 crores	Rs. 76.02 crores	Rs. 75.00 crores
No. of road projects partially funded	24	13	16
No. of rail projects partially funded	5	2	3

Table 4.7

4.2.6 Development of North Eastern Region/Sikkim

As per relevant instructions on the subject, 10% of the Plan Outlay is required to be earmarked for Development of North Eastern Region/Sikkim. If the amount is not spent, the same is transferred to the non lapsable pool of the Central Government. Accordingly, Rs. 24.00 Crore was earmarked towards schemes of Research and Development, Regional Exploration, Detailed Drilling and Environmental Measures and Subsidence Control in RE 2014-15. The other two schemes namely Conservation and Safety in Coal Mines and Development of Transport Infrastructure in Coalfield Areas are outside the orbit of this provisioning.

The major chunk of the allocation was made under the schemes which are exploratory in nature. The drilling work is not progressing due to adverse law & order conditions in the NE region. MoC in January 2015 has permitted outsourcing of drilling in NE region for Promotional (regional) Exploration of coal. Serious efforts are being made to encourage academic institutes/research organisations from NER for participation in Coal Research.

4.2.7 Projects Implemented by PSUs from their Internal and Extra Budgetary Resources (IEBR)

The projects are implemented by Coal PSUs using their own Internal and Extra Budgetary Resources (IEBR). The statement showing company-wise and project-wise status and details of projects with the cost of Rs. 100 crores and above are given in Annexure 2.

Annexure 2
